## State Netball at Irwin Rec Centre

I recently witnessed two great games of state netball between the Midwest Tigers and the West Coast Falcons at the new Irwin Recreation Centre on June 6th/7th. Both games were close with the West Coast Falcons winning both games 53-37 and 45-41. Netball WA were so impressed by the state of art facilities at the new recreation centre that they intend to host further games there in the future.
