### Badgingarra Primary School

Congratulations to Alan Whittome and his students from Badgingarra Primary School who sent two teams to the FI WA Finals in Midland. The students designed and built scaled down models of formula one racing cars. Both teams, the Dark Knights and the Badgy Budgies did really well, with the Badgy Budgies winning the Primary Schools Apprentice section.

### Northampton Historical Society

Well done to the Northampton Historical Society who were successful in their negotiations with Goldcore to be able to keep the jaw crusher from the historical Northampton State Battery. For those of you who aren't aware, the State Battery is due for demolition. The jaw crusher is viewed as an important piece of Northampton mining history. Goldcore agreed and have donated the jaw crusher to the Northampton Historical Society.
